A TASTE FOR MUSIC

Should always be cultivated. No one thing does more to develop the mind or give a more valuable accomplishment than the study of music. One should have one of these.

STEIFF PIANOS

For this purpose, as they are highly prized by all who possess them. They are the best instruments to buy, because of their price, because of their musical quality, because of their thorough construction, all of which points, coupled with their handsome cases, make them unrivaled instruments for the home.

DO YOU KNOW

That the surest way for a young person to become self-supporting is to get a thorough knowledge of shorthand and "typewriting"? If he learns bookkeeping all the better. In securing this education he must not overlook the important subjects of writing and spelling. We make a specialty of these essential studies, and for the sum of \$50 a person may attend the day session for a period of ten months. Six months is found sufficient in some cases, and in others only five months is necessary, but we do not wish anyone to be deceived in thinking that these cases are the average, for they are not. You had better count on ten months. If you are at work during the day we will give you three months (12 weeks) for only \$10, night sessions. This is a reduced rate and is just one half the day rate. A beautiful catalogue will be sent you on application, but we prefer to have you come and see us. A good time to call is after five in the evening.
